Research Proposal
for the Swiss Government Excellence Scholarship

The research proposal is a central document of the application package. It is on the basis of this document that the selection Committee composed of University Professors will judge the academic relevance of the project and if it will be selected for a scholarship.

Seven parts are requested in this research proposal and all of them have to be addressed. The text boxes are limited to the number of characters stated (bibliographical references – see annex - are not included in the limited number of characters).

Please devote all the necessary attention to this document.
